DETAILED ACTION

Election/Restrictions

This application contains claims directed to the following patentably distinct species of the claimed invention:

Species A- liposuction, page 4, line 6

Species B- related plastic surgery, page 4, lines 6-7

Species C- other minimally invasive surgical methods, page 4, lines 7-8

Species D- selection on the degree of convexity, page 4, line 9

Species E- responsive to an energy delivery parameter, page 4, line 15

Species F- responsive to tissue property, page 4, line 16

Species G- responsive to patient feedback, page 4, line 16

Species H- responsive to performance of liposuction, page 4, line 17

Species I- skeletonization, page 4, line 18

Species J- a plurality of thermal adhesions page 4, line 20

Species K- the embodiment of the paragraph pages 4-5, lines 27-2

Species L- the embodiment of the paragraph page 5, lines 3-8

Species M- the embodiment of the paragraph page 5, lines 9-15

Species N- the embodiment of the paragraph page 5, lines 16-23

Species O- the embodiment of the paragraph page 5, lines 24-28

Species P- the embodiment of the paragraph page 5, lines 29-32

Species Q- the embodiment of the paragraph page 6, lines 1-4

Application/Control Number: 10/813,980 Page 3

Art Unit: 3738

Species R- the embodiment of the paragraph page 6, lines 5-8 Species S- the embodiment of the paragraph page 6, lines 9-13 Species T- the embodiment of the paragraph page 6, lines 14-18 Species U- the embodiment of the paragraph page 6, lines 19-23 Species V- the embodiment of the paragraph page 6, lines 24-28 Species W- the embodiment of the paragraph pages 6-7, lines 29-2 Species X- the embodiment of the paragraph page 7, lines 3-12 Species Y- the embodiment of the paragraph page 7, lines 13-19 Species Z- the embodiment of the paragraph page 7, lines 20-27 Species AA- the embodiment of the paragraph pages 7-8, lines 28-2 Species AB- the embodiment of the paragraph page 8, lines 3-11 Species AC- the embodiment of the paragraph pages 8, lines 12-16 Species AD- the embodiment of the paragraph pages 8, lines 17-24 Species AE- the embodiment of the paragraph pages 8, lines 25-32 Species AE- the embodiment of the paragraph pages 9, lines 1-18.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, no claims appear generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

A telephone call was made to Joel Harris on 11/29/2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thomas J. Sweet whose telephone number is 571-272-4761. The examiner can normally be reached on 6:30 am - 5:00pm, M-Th.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Corrine M. McDermott can be reached on 571-272-4754. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
